

irritime

Rotating Sprayer - Radius Stable

Radius Stable

For irrigation of medium-sized trees, short-rooted plants, orchards, nurseries, greenhouses and gardens.

- The water flow nozzle of the mini sprinkler is insulated to prevent insects and dust from entering.
- The most suitable working pressure is 1,5-2 bar.
- Recommended for low pressure and low flow rate systems.

Kod Code	Mini Sprink Rotating Sprayer	Atış Mesafesi
IR-402-80	Yeşil-Green : 80 lt.	6 Mt
IR-402-120	Kırmızı-Red : 120 lt.	7 Mt
IR-402-160	Sarı-Yellow : 160 lt.	8 Mt

Rotating Sprayer
